Dear Scholar,

I have received the reviews of your paper

They all acknowledge the interest of the topic addressed.

The comments are as follows:

1. Research problems are not supported by initial data
2. Research significance is not clear yet
3. Research novelty must be explained clearly
4. Analysis must be improved and supported by the data
5. Make the recommendation more concrete and operational
6. Please add more reference on planning, participatory development, and collaborative governance

I encourage you to submit revision as soon as possible

Thank you,
Croatian International Relation Review
